

Schools with security fencing

966 NSW Government Schools have partial or complete security fencing as of 1 July 2016.

Schools with security fencing report a significant reduction in the number of break and enter and vandalism incidents.

The improved security has resulted in school students and local communities having access to better facilities and playing fields.

Although security fencing is effective, it must be part of an overall security plan. This can include security guard patrols, electronic surveillance and security alarms, lockdown devices designed for computers and other equipment, and security grills on windows and doors.

The NSW Government also has in place contracted 24 hour a day mobile guard patrol services in identified high risk areas and during school holidays.

As of 1 July 2016 the following 966 schools have either partial or complete security fences installed.
