Vol. II

DEPARTMENT OF FAMILY AND COMMUNITY SERVICES

**ANNUAL REPORT
1987/88**

VOLUME II

BOX 12, G.P.O.
SYDNEY, N.S.W. 2001

AUDITOR-GENERAL'S CERTIFICATE

DEPARTMENT OF FAMILY AND COMMUNITY SERVICES

The accounts of the Department of Family and Community Services for the year ended 30 June 1988, have been audited in accordance with Section 34 of the Public Finance and Audit Act 1983.

Due to the inadequacies in the Department's financial management information system in the previous year, I was unable to form an opinion as to the correctness of the allocation of payments between programs for that year. As a result comparative figures may not accurately reflect the variations between the two years.

Subject to the foregoing, in my opinion the accompanying summarised receipts and payments statements and statement of special deposits account balances, read in conjunction with the notes thereto, comply with Section 45E of the Act and are in accordance with the accounts and records of the Department.

K J ROBSON, FASA CPA
AUDITOR-GENERAL OF NEW SOUTH WALES

20 September 1988

- (b) The statements present fairly the receipts and payments of that part of the Consolidated Fund, and those accounts in the Special Deposits Account operated by the Department.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

NOTE 1: GENERAL

- (a) The financial statements of the Department have been prepared on the basis that the transactions of the Public Accounts are reported on a cash basis with the exception of payment for salaries which are reported on an accrual basis. (Note 16 also refers).
- (b) The financial details provided relate to transactions on Consolidated Fund and Special Deposits accounts and are in agreement with the relevant sections of the Treasurer's Public Accounts.
- (c) A reference in the receipts and payments statements to an "estimate" figure means:
- (i) in the case of a special appropriation the amount included in the estimates in respect of that appropriation; and
 - (ii) in the case of an annual appropriation the amount provided in the estimates to be appropriated by the relevant Appropriation Act as advised by the Treasury.
- (d) A reference in the Special Deposits Accounts to an "Estimate" means the figure has not been audited by the Auditor-General.
- (e) A reference in the receipts and payments statements to an "actual" figure means the payments actually made by the Department in respect of the item to which it refers with the exception of payment for salaries which are reported on an accrual basis as per (a) above.
- (f) As all amounts have been rounded to the nearest \$1,000, where an asterisk appears in the table it denotes that the amount is \$500 or less.
- (g) Amounts shown for Actual Receipts and Payments for 1986/87 may vary from the 1986/87 report following the rearrangement of line items and/or programs.
- (h) Actual costs during 1987/88 in respect of District Centre Staff covering Salaries and Working Expenses have been apportioned on the basis of caseload measurement, whereas in 1986/87 a modified time measurement methodology was used to apportion these costs. However, it is considered that time measurement is the more accurate method to reflect the cost of the Department's expenditure budget programs and this methodology will once again be used during the 1988/89 financial year. (SEE NOTE 23).

Cases which could result in damages being awarded against the Department or the Government include:

- A claim for criminal injuries compensation may be lodged by a person, where it has been alleged that a ward of the Minister assaulted that person.
- A case of child abuse resulted in the child being committed to the care of relatives. However, the decision was reversed on appeal and legal costs may have to be met by the Department and/or the State Crown Solicitor's Office.
- A woman visiting one of the Department's Residential Care Units fell over injuring her arm and wrist. The claim is in its early stages and the Department has denied liability.
- Action of child abuse in relation to two children was commenced by Departmental Officers. However, a Children's Court dismissed the complaints and although no costs were awarded, a recommendation was made that an ex-gratia payment should be made to the parents to cover their legal costs.
- A child suffered severe facial lacerations when he ran into a glass door at the Department's Staff Development Centre. An offer of settlement has been made.

NOTE 14: MATERIAL ASSISTANCE PROVIDED TO THE DEPARTMENT

The Department's motor vehicle fleet increased from 888 at June 1987 to 997 at June 1988. Treasury provided the necessary funds to enable the purchase of these additional vehicles during the year as well as the normal replacement of vehicles.

The Government Courier Service provides the necessary postal and courier services for all areas of the Department throughout the State at no cost to the Department.

Assistance provided by other State Government Departments is as follows:

SPECIAL DEPOSITS ACCOUNT	1986/87 FINANCIAL YEAR		1987/88 FINANCIAL YEAR	
	Payments	\$000	Payments	\$000
Government Supply Department				
- Cleaning of Accommodation	790		755	
- Technical Services	44		46	
Public Works Department				
- Repairs, Maintenance and Renewals of Public Buildings	1,675		1,560	
TOTALS	2,509		2,361	

NOTE 15: AMOUNT HELD FOR TWO YEARS OR MORE

In previous annual reports it was mentioned that the Department was holding an amount of \$692,364 representing the balance of Commonwealth funds allocated to the Department between 1973/74 and 1983/84 in respect of Ethnic Child Care Centres.

The Commonwealth has now approved of the retention of these funds by the State as an offset against the cost of State Government land used for the purpose of constructing long day care centres and in recognition of the substantial cost borne by the State in fulfilling its commitment to the current Pre-schools Capital Programme and this amount was charged to Capital Works expenditure during the year.

Section 14 of the Public Finance and Audit Act 1983 provides for the transfer of amounts unclaimed after two years from Special Deposits Accounts to the Consolidated Fund. At 30 June 1988 no unclaimed moneys had been held in excess of two years.

NOTE 16: EXPENDITURE ON SALARIES AND WAGES

All salaries and wages expenditure funded from the Consolidated Fund includes the full financial year's cost from 1 July 1987 to 30 June 1988, both dates inclusive.

NOTE 17: COMMITMENTS UNDER CAPITAL, RECURRENT AND LEASE/HIRE CONTRACTS

At 30 June 1988 certain contracts and orders were current in respect of capital, recurrent and lease/hire contracts. Commitments of a material nature other than lease/hire contracts amounted to \$5.2 million (1987 - \$20.7 million). It is expected that these commitments will be met in the next financial year.

No contracts of a material nature were current for lease/hire arrangements at 30 June 1988 with the exception of office accommodation. A substantial number of Departmental offices throughout the State are the subject of lease arrangements and the rent is payable monthly in advance with the expenditure being appropriated to the Consolidated Fund. The commitment for current leases at 30 June 1988 was \$15.3 million (1987 - \$12.3 million) with \$5.0 million due within the next 12 months (1987 - \$4.1 million).

NOTE 18: AMOUNTS REPAYABLE ON OUTSTANDING LOANS AND ADVANCES

The Department has no form of Public Borrowings. All funds are provided from the Consolidated Fund and Special Deposits Accounts.

This program was transferred from the Premier's Department on 25 March, 1988. The figures shown represent the total receipts and payments for the entire financial year.

A company and trust, titled the Women's Employment Company was established during the year under an agreement between the Director, Women's Co-ordination Unit and the Director, Department of Industrial Development and Decentralisation (now Department of Business and Consumer Affairs).

Grants of \$2M for a trust to make short term loans to women with assessed viable business proposals and \$1.5M to establish and manage six child care centres were received from the Department of Energy.

**SCHEDULE OF SIGNIFICANT VARIATIONS BETWEEN ESTIMATES AND
ACTUAL PAYMENTS FOR 1987/88**

**(THIS SCHEDULE DOES NOT FORM PART OF THE ACCOUNTS SUBJECT TO
AUDIT)**

The Premier and Treasurer approved of this Department's request that a revised apportionment method be adopted as the base for allocating payments to programmes during the 1987/88 financial year. Any variation between programme appropriations and actual payments are attributable to adoption of these more accurate apportionment methods.

The adoption of this revised method of apportionment has affected both Consolidated Fund Receipts and Payments and Special Deposits Receipts and Payments.
